

Job Title: Associate Consultant

Reports To:

Senior Manager, Consulting Group

Location:

Chicago, IL

Functional Areas:

Supply Chain Management, Finance, and/or Manufacturing

Job Overview:

The Associate Business Consultant will have responsibility for helping customers successfully implement software in finance, manufacturing, and/or supply chain business functions. This includes but not limited to, application configuration as well as testing, and training on the configured system. The Associate Consultant will also be responsible for helping the customer build data migration maps and testing scripts to ensure the software configuration supports the customer's business requirements.

Qualified candidates will be selected to participate in a structured 5-week training program in Chicago, IL starting in Q1 2020. The goal of this program is to develop strong business consultants with excellent client engagement skills. In terms of career progression, the Associate Business Consultants will follow a promotion path of Senior Business Consultant and Managing Consultant based on performance.
